1-WALL SYSTEM

Interior Office Partitions

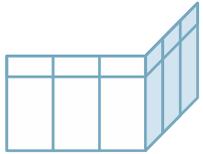

This type of system is perfect for you if you already have a three-wall area in your office and need to isolate it from the rest of the space. By installing a 1-Wall System, you create a private and soundproof space suitable for confidential meetings.

Project: Commercial Office, Manhattan, NY
System: Interior Office Partitions
3/8" Clear Tempered Glass
Glossy Black Aluminum Profile

Project: Commercial Office, Perth Amboy, NJ
System: 2-Wall 14' (W1) x 6' 6" (W2) x 9' (H)
w/ Swing Door
1/4" Clear Tempered Glass
Clear Anodized Aluminum Profile

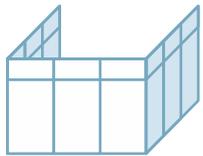

2-WALL SYSTEM

MAXIMIZE Your Corners

If you're utilizing a free corner area, this 2-Wall System is an excellent solution. You can order a customized system to fit the dimensions of the available space, creating an extra separated office.

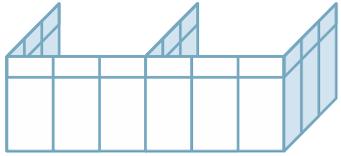

Project: Commercial Office, Farmingdale, NY
System: 3-Wall System 10' (FW) x 10' (SW1) x 10' (SW2) x 10' (H) w/ Swing Doors
1/4" Clear Tempered Glass
Clear Anodized Aluminum Profile

3-WALL SYSTEM

Create a Workspace Anywhere

This option is a highly practical solution and requires only a single wall space to install. Customize your partition system to create an individual office space featuring three glass walls.

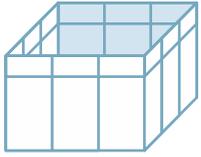

MULTIWALL SYSTEM

Ultimate Versatility

The Multiwall System gives you nearly endless freedom of design and features soundproof qualities that allow numerous employees to work side by side without distraction.

Project: Commercial Office, White Plains, NY
System: Interior office Partitions
1/4" Clear Tempered Glass
Matte Black Aluminum Profile

CONFERENCE ROOM

Free-Standing and Full-Height Configurations

At CGP, we prioritize your ideas and individual requests. That's why we offer a Conference Room System that can be installed practically anywhere you like, and it does not require being attached to a wall.

HEALTHCARE SOLUTIONS

Be Safe And Healthy

This product has been designed for doctors'/dental's offices, medical centers, clinics, hospitals, and other healthcare facilities. It is the most effective system for healthcare workers to organize space. Create waiting rooms and offices that offer privacy and promote cleanliness with CGP's office partitions.

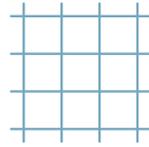

*Disclaimer: "This product has not been evaluated by the U.S Department of Health or the Centers for Disease Control. This product is not officially intended for use in healthcare facilities and is not guaranteed to prevent the spreading of germs. If you have any concerns about its ability to prevent the spreading of germs, consult with a professional in this field."
